Subject: Deficient Notice of Intention to Commence Small Mining Operations, TM Crushing, LLC, Camp Williams Mine, S/035/0037, Task ID #2097, Salt Lake County, Utah

Dear Mr. Roberts:

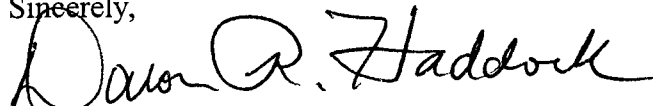

The Notice of Intent to Commence Small Mining Operations (NOI), received by the Division October 23, 2007, concerning the proposed small mining project located in portions of Section 22, T4S, R1W, SLBM, Salt Lake County, Utah is incomplete. The following information is required:

- The operator needs to remit the \$150.00 permit fee.
- A map needs to be provided that shows the area for the 5-acre small mining operation. The current map identifies a 9.9 acre area. This would require a permit for a large mining operation.
- The application needs to be signed by an officer of the company (as registered with the State Dept. of Commerce. According to the information we have, the only individual who can sign the application is John D. Hadfield. Please provide a replacement page 7 with the correct signature.

Reclamation surety is required to be posted by all mining and exploration operations. The surety amount for this site is \$12,000. Please contact the Division's bonding coordinator, Jed Pearson at (801) 538-5382 or Bondcoordinator@utah.gov for further information and forms regarding the surety documents.

If you have any questions, please don't hesitate to call me at (801) 538-5258 or Lynn Kunzler at 538-5310. In reply, please refer to file number S/035/0037. Thank you for your cooperation.

Sincerely,
